My dear Sir,

It is understood that arrangements are being made to hold the Dasara Exhibition this year at Mysore. This involves the issue of about 1,000 pallas of cereals and 100 bags of sugar to Mysore City, over and above the regular requirements of rationing. Any commitments in foodgrains and sugar to this extent will be a serious drain on our existing meagre resources. In view of the critical food position in the State this year and the need for conserving our low stocks of foodgrains and sugar as far as possible, I would strongly urge that the Exhibition be not held this year.

Yours sincerely
D. Madhava Rao

The Exhibition committee was constituted in the month of July 50 & there was wide publication made in all the local papers. The first meeting of this committee met on 14-8-50 & even at that time the Director of Food did not raise any objection. Now when the arrangements have gone too far investing lot of money over this arrangements, the Director raises this objection. I have reason to believe that some force is working behind to stop the Exhibition. The food problem was felt even last year in no less a degree but all the same the Dasara & Exhibition were carried on smoothly. People do not generally visit Mysore only to see Exhibition. They go to Mysore to Darbars & other Dasara festivities has one of the items, they visit Exhibition also. The Exhibition will be opened only from 12th October & by that time I hope the food position will improve. I feel it is not desirable to stop the Exhibition which is being run on all India level.
